Technical Fabrics

Fabrics for the Graphic Industry

Home Textiles

Textiles for Clothes

Furniture Textiles

Special Application Fabrics

Construction Textiles

01 Company Introduction

Changzhou Quality Textile Industry Co., Ltd. belongs to CQ-Group which started over 100 years ago, 1918 in Germany.

In the year 2014 CQ-Textile becomes an independent company with location in Changzhou, Jiangsu Province in China.

We are a fabric producer with knitting and woven production and fabric preparation after knitting and woven. This includes all coating, flame-retardent and fabric finishing complete inner house.

From beginning on the target was to produce the best quality with the most advanced technology. For this we keep a close partnership with Karl Mayer.

All new Innovations come most quickly into our production. This shows also the location in the same city of both companies in China.

Our mission is to produce the best quality for the best prices.

Together with our customers we develop products exactly for the needs of the market.

The focus hereby is always on quality. Quality is the top priority in balance with the nature.

Teamwork is the next pile in our quick growing, because every member of the team knows that his performance drives the team forward.

This success we want to share with our partners.

A long time relationship is always what we are looking for.

Looking forward to get in touch with you.

Sincerely
your CQ-Textile Team

FABRIC

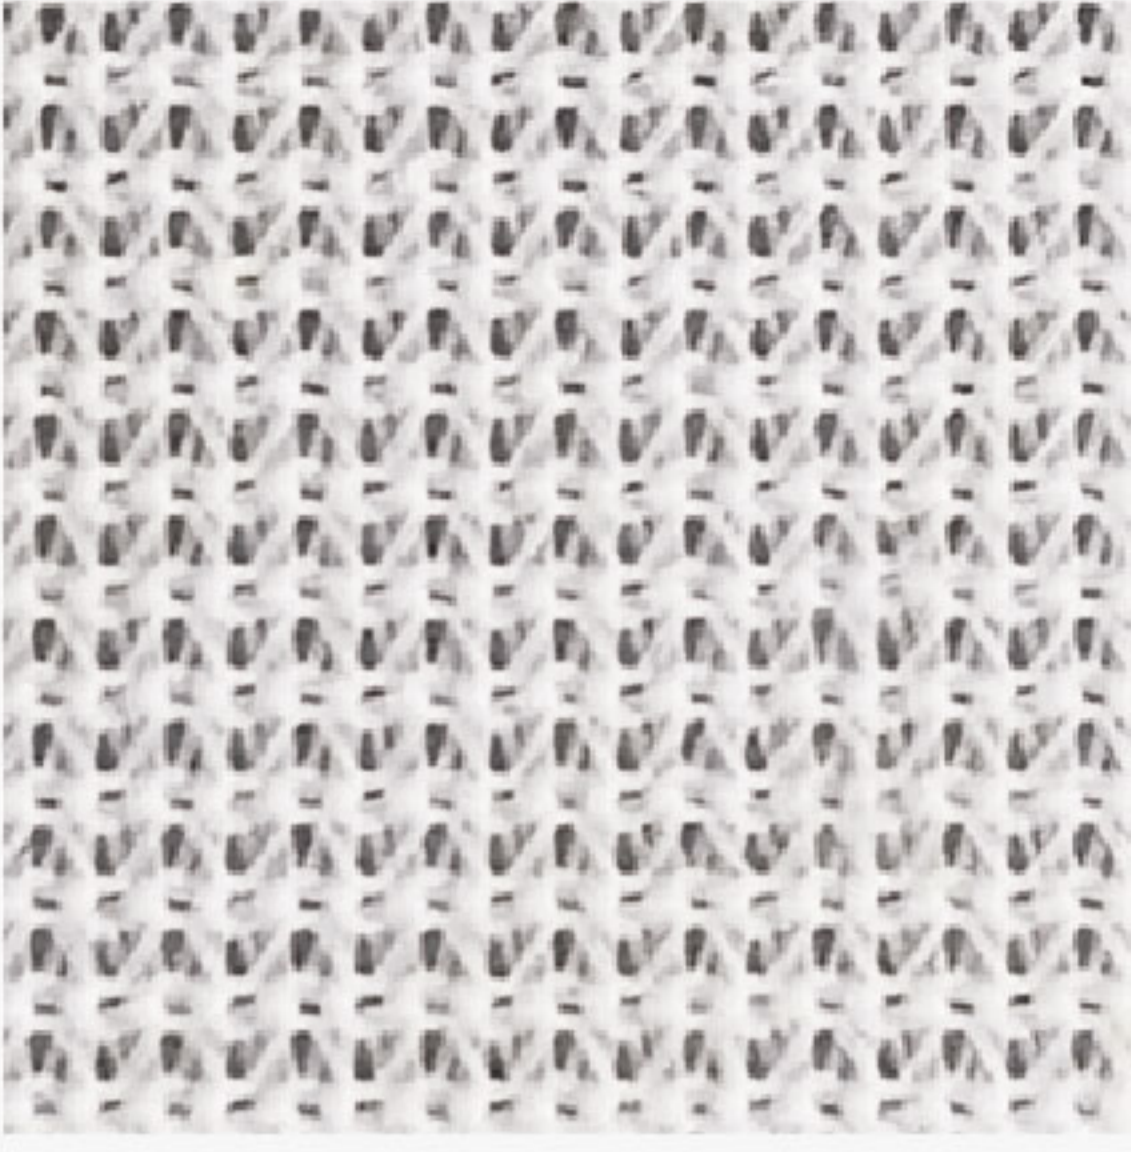

DATA SHEET CLASSIFY	Material	Weight	Usable inks	Treatments Available	Application	Remark
Stormflag	100% Polyester Knitted	90g/m ² 110g/m ² 120g/ m ² 135g/ m ² 150g/ m ² 180g/ m ²	Dispersed dye Sublimation -Direct Pigment UV-inks Oil Based Ink	Fire Proof with B1, B2, or M1, M2.
